Dear Craig:-

I am sure you must think that I have been terribly long with you but I had no fault. I do not remember that over two years have passed since I left America but it is true. I'm sure I'm getting on a little better now. I have been away a long time. A second party change have taken place at home and in the community and I never expected that time I return it will be a new life and a together different place. That is why I was a great shock to me even
